We wish them all the best for their future.

PCPA are looking for a Volunteer for the upkeep of the grounds around the precinct.

Poona's Biggest Morning Tea – Tuesday 14th May 9am

All funds go towards vital Cancer Research to save lives. Entry - \$5 Great morning tea, raffles and lots of fun. This year we are combining with the Young at Heart morning tea – see separate information. Last year \$1800 was raised! More information will be on the Poona Community Noticeboard Facebook page.

Young at Heart – Tuesday 14th May

This month's guest speaker is **Heather from "Footprints"**. This organization helps support older community members to access services and those who may not have family members or friends who can help. Care finders help people understand what aged care services are available, can set up an assessment and find the best services. They also help with access to other community supports, to connect for the first time, or to change or find new services. This information will be very helpful for someone you know. Opportunity to ask questions as well.

The bottom bar/DI area has been fishing very well for anglers making the journey with a mixed bag of reef fish reported including Snapper, Pearl Perch, Brown Maori Cod, Gold Spot Wrasse, Red Emperor and Venus Tusk Fish. Time for this fortnights brag board.

A man with a beard and long hair, wearing a black t-shirt with a graphic, is holding a large, silvery fish with a dark stripe. He is standing outdoors in a wooded area with green foliage in the background. A pink and black folding chair is visible in the lower left foreground.

A man wearing sunglasses and a black tank top is holding a large, vibrant orange fish. He is standing in front of a blue building with a sign that reads "PACIFIC RIM FISHING DERBY". The sign also features a logo of a blue fish and lists the following details: Angler: Kieran, Species: Trout, Weight: 5.6 Kg, Date: 4/14/20, Method: Boat. The background shows a mural of a river scene.

Eden had a great night fish bringing this barra over the side.

Last up is Archer who had a great family day.

This gorgeous little cod was released safely to grow up and fish another day.

Community Reference Group (CRG) Tuan Toolara Brumby Public Safety Initiative

Poona residents Melissa D'Or and Keesha Millar have been members of the CRG since it's inception in early 2020. The CRG forms part of the Brumby Public Safety Initiative that HQPlantations (HQP) proactively established to develop strategies to maintain public safety in relation to the Brumby population in the Tuan Toolara Forestry. Despite all the measures taken, there has been two horse collisions on local roads this year, with neither horse surviving. Further background information can be sourced in past editions of Poona Post - September 2020, February 2022, November 2022 and November 2023.

We were recently advised that the CRG was retiring. HQP thanked us for our participation and valuable input over past years. Great insights have occurred during this time with an enhanced rehoming program being developed, partnering with The Brumby Project, along with suitability criteria to determine the temperament and health of the horse and the likelihood it will lead to a successful rehoming. A small number of horses have been euthanised on site (as ethically and humanely as possible) to prevent danger to themselves, other horses and/or humans and to increase the success of the rehoming program.

HQP has assured us that the rehoming program with The Brumby Project will continue to be a management focus. Now more than ever, new homes are required for these horses. If you or someone you know is interested in rehoming a brumby or attending one of upcoming planned workshops, please contact Anna at thebrumbyproject@gmail.com

HQP will also continue to increase strategic fencing and fund ongoing research into population growth and distribution. There is currently a literature review exploring the potential viability of fertility control being undertaken by a PhD student, partly supported by HQP. HQP is committed to further community engagement should there be any substantial changes to current approaches to horse management on the plantation licence area.
